

March 1, 2010

Dear Vendor:

Music Africa is proud to host the annual Afrofest marketplace in Queens Park on Saturday July 10th and Sunday July 11th.

*This annual outdoor event has grown tremendously over the past 22 years. It is also necessary for the festival to grow with the requests and demands of the people. **Music Africa** is expanding the festival layout in the park in order to avoid heavy congested areas, and for the safety and well being of all. Concessions will be strategically set up throughout the park for spacious access. There will be unique displays and additional family activities available. And of course, the most exciting and popular bands will be entertaining the crowd during the 2-day festival in the park.*

In keeping with the present economic structure, we have found it necessary to adjust our fees in order to maintain the high quality of the festival.

We know that you will agree that such a large festival like Afrofest can only be successful when we work together to make it happen. Your understanding and cooperation with these changes will surely result in another fun-filled weekend for everyone.

It is important that you complete the registration form accurately and return it by the due date with the specified requirements. Also, it is mandatory that you adhere to the Terms and Conditions for Registration as set out in the guidelines. By doing so, we will continue to have a successful African marketplace in Queens Park in the heart of the city.

We are looking forward to another successful year at Afrofest.

Yours truly

*Velda Vuo
